TWO CHAMBERS DISCUSS JOINT PUBLICITY PLAN

Chamber of Commerce President Ray J. Spickelmier and Secretary H. F. Sofge, appeared before the Tuesday luncheon meeting of the Grass Valley chamber and explained the local chamber's proposal that the two groups coordinate their promotional programs.

The Nevada City chamber had invited Grass Calley chamber representatives to meet with the local organization at a regular meetnig Tuesday evening, but in a neat bit of maneuvering the play was taken away from the local body. Spickelmier and Sofge attended the Grass Valley luncheon, presented the proposal and no one from Grass Valley appeared at the Nevada City meeting in the evening.

Spickelmier urged that Nevada City and Grass Valley coordinate future advertising efforts. Suggestions of a 'fun' map of the type featured by the chamber was made.

President Tremoureux, Grass Valley, expressed willingness to investigate joint twin city advertising and named a local advertising committee to meet in coordination policy with the Nevada City, Truckee and San Juan chambers.

Sofge gave a brief report on the recent state chamber of commerce meeting at Sacramento at which time he 'put in a plug' before the highway committee for speeding work on Highway 20 and the proposed Nevada City-Grass Valley four lane highway.

In view of complete county coordination and cooperation there was general expression favoring a county chamber of commerce.

Kent Walker, of the Nevada county Bus Lines, suggested a letter of endorsement from the Chamber relative to application of his company for increased bus fares on the Marysville-Colusa run and also the Grass Valley-Marysville circuit.

Rising operation costs were detailed by Walker as basis for the application which will be heard before the Public Utilities Commission today at Marysville.

Walker discounted possibility of entry of a major bus line in this field declaring that traffic did not warrant it.

The Nevada County Bus Line is well established locally in economic sense Walker pointed out, declaring his company spends $50,000 yearly in Nevada county.

At the Tuesday evening meeting of the chamber Larry Mayworm and Eddie Furano were appointed directors to replace Bill Novak and Merrill Colvin, who were removed from the directorate for failure to attend meetings.

IMPORTANCE OF HOME IS TOLD BY CUB LEADER

The close connection between cub scout program, the parents and the home was pointed out by Del Raby, Tahoe Area field executive, Monday night at a meeting of Nevada City cub parents and local cub scouting officials at the Nevada City elementary school auditorium.

Two new dens were organized with Mrs. Reola Jamison and Mrs. Ida Mae Foote named den mothers.

Glade Wise, recently appointed cubmaster, was in charge of the meeting.

A planning meeting was scheduled for the near future at which time all den mothers will be asked to attend.

EPISCOPAL BISHOP'S VISIT SET FOR NOV. 5

Rt. Rev. Noel Porter, D. D., Ph. D., bishop of Sacramento diocese, will make his official visit to Trinity Episcopal church, on Sunday, Nov. 5.

At this service the rite of confirmation will take place.

Those seeking confirmation are asked to contact the rector, Rev. Max L. Christensen at phone 445 so study classes may be formed.

LOSES TWO FINGERS

Irene Lawson, 11, Newtown, suffered loss of two fingers Friday evening when a dynamite cap she was playing with exploded in her hands. Surgical treatment was given Saturday at Nevada county hospital.

DICK HOSKINS TO BUY PIONEER ICE BUSINESS HERE

Sheriff Richard W. Hoskins will leave the county peace office next Jan. 8, to be supplanted by Wayne Brown, Grass Valley oil distributor. Hoskins is reversing the tables by entering the oil business. The sheriff announced this week that effective Nov. 1 he will become the proprietor of the Nevada City Ice Delivery, 101 Boulder Street.

The official paper work will take place next Thursday morning in the offices of Crofford W. Bridges, attorney for Hoskins. The sale includes all stock, fixtures and equipment, and inventory of supplies. The building housing the business is not included in the transaction.

Hoskins is a native of Nevada City and attended Grass Valley schools where he was a star athlete in the early twenties. He played first base for many years on baseball teams of the area, and at one time played for the Oakland Oaks and San Francisco Seals of the Pacific Coast League.

Prior to his entry into politics he operated the Texaco service station in Grass Valley, was book keeper for the Diamond Match Company, Grass Valley, and worked as a carpenter in defense work during the war. He is married to the former Mrs. Dorothy Cormack, and has three children.

Hoskins' son-in-law, Gino Battista, Grass Valley, will be associated with him in the new enterprise, and will manage the business until Hoskins leaves his county office. Hoskins said Roy Granholm, present employee of the company, will remain with the firm in his capacity of truck driver.

E. W. Kendrick, from whom Hoskins is purchasing the business, bought it in 1938 from Alfred V. Sauvee, in whose family the firm had been for fifty or sixty years.

The Sauvees operated the firm under the name of Union Ice Delivery.

The firm was organized in 1868 as the Nevada and Mountain Lakes Ice Company by Luke Thompson and others.

REPUBLICAN COMMITTEE MET FRIDAY AFTERNOON

Members of the Nevada county Republican Central Committee held a progress meeting at the offices of the Justice Court at Nevada City Friday afternoon. Douglas Barrett, publisher of the Sierra Sun at Truckee and chairman of the committee presided.

Highlights of the discussion period centered around reception of the committee members for Assemblyman Laughlin Waters of Los Angeles who conferred with G. O. P. members Wednesday noon.

The Republicans have established election headquarters in the office of C. H. Barker in the Union building, Grass Valley.

FARE INCREASE ASKED BY NEVADA CO. BUS LINE

R. J. Pajalich, secretary of the state public utilities commission, announced a hearing has been called by the commission today at 9:30 a. m. in Marysville City Hall in regard to an application by the Nevada County Bus Line to increase passenger fares between Colusa and Marysville and between Marysville and Nevada City and intermediate points.

Application for increased rates was filed with the commission by Kent E. Walker, president of the Nevada County Bus Line.

PURCHASE BUILDING

Mr. and Mrs. Henry LeFebvre have purchased the building housing The Hut from Ray Strange former operator of the business there. Mr. and Mrs. LeFebvre purchased the business from Strange last February.

HYDRAULIC MEETING IS SET FOR NEVADA CITY SUNDAY NOVEMBER 12

Olaf Jenkins, state mineralogist of the division of mines, has been invited to nert meeting of the California Hydraulic Mining Association scheduled for Sunday afternoon in the National Hotel, Nevada City, acording to George W. Hallock, president of the association.

Better than expected was the attendance at the October meeting of the association, which met at the Hotel Colfax in Colfax Sunday, as the first meeting after a three months summer recess period.

Floyd Wilmouth, association secretary and Placer College faculty member in geology, reported his geologic studies during the summer months.

Future programs of the club were outlined and discussed.

The CHMA has extended an invitation to the full personnel of the reorganized California debris commission to attend the meeting at the National Hotel.

Considerable discussion was given to the proposed federal law placing all mining claims procedures and programs under the bureau of land management. President Hallock, who had opposed the move at a recent congressional interim hearing, explained his position and that of mining men of the west on the proposed change.

BANK OFFICIAL HINTS ALLOCATION FOR 4-LANE HIGHWAY IS ARRANGED

Earl Lee Kelly, vice-president and director of public relations for the Bank of America told a dinner meeting of the Grass Valley Junior Chamber of Commerce Monday night he had gained information that money had been or very shortly will be allocated for the construction of a highway between Grass Valley and Nevada City.

He said the project would cost between one and a half and two million dollars.

The bank executive described the Tahoe-Ukiah Highway as "a natural" link in a cross-state highway taking off from the coastal Redwood Highway.

He stressed the need for a promotional program and said that the best piece of publicity machinery is the county board of supervisors. He felt that the county should contribute "all the law will allow," to promotional processes.

NAMES OF DRAFTEES RELEASED BY BOARD

Selective Service Board No. 19, serving Nevada and Sierra counties, this week released the names of men inducted into the armed services in the first draft call since reactivation of the board. The men reported for service Friday, Sept. 29.

They are:

FEDERAL GOVERNMENT SUIT WINNER AGAINST PRIVATE WATER CO.

The U. S. supreme court refused to review a lower court decision allowing California to intervene in a United States suit against a private company over water rights in the Little Truckee river.

The government said it needed in the federal district court in San Francisco against the Sierra Valley Water Company, a California public service corporation, to get prior rights to water in the Little Truckee.

The government sail it needed the water for irrigation in the Pyramid Lake Indian Reservation and the Newlands Reservation Project, both in Nevada, and in connection with the Tahoe National Forest and the Boca Reservoir. The Little Truckee joins the Truckee at Boca.

In support of its petition to intervene, California said her economy would be affected injuriously if the U. S. were permitted to carry the disputed water into Nevada.

The U. S. government argued "this drastic transformation of the proceedings is not only gravely injurious to the original parties but—unnecessary."

The district court denied California's request. But the ninth U. S. circuit court of appeals reversed the judgment and directed that California be allowed to come in. The U. S. appealed to the supreme court.

MEDICAL MEN REQUIRED TO REGISTER FOR DRAFT

Medical doctors, dentists and veterinarians in Sierra and Nevada counties must register with Selective Service Board No. 19 in Nevada City between 8:30 a. m. and 5 p. m. Monday, according to an announcement by state headquarters of the Selective Service system.

Mrs. Dorothy Stephens, secretary of the Sierra-Nevada county board, will register the medical personnel.

She said every medical doctor, dentist and veterinarian under the age of 50 at time of registration, not a member of a reserve compontent of the armed forces, and who has participated in the army specialized training program or similar programs administered by the navy must register.

Also slated for registration is every person who has deferred from service during World War II for the purpose of pursuing a course of instruction leading to education as a medical doctor, a dentist or a veterinarian and who has had less than 21 months active duty in the armed forces subsequent to the completion of or release from the program or course of instruction.

Mrs. Stephens said that if a person with these qualifications is out of the country on registration day he will be required to register within five days after return to the U. S.

She added that those persons who have not completed their education in one of these fields are required to register within five days after receiving their diplomas.

FOREST MEN MEET

The Sacramento Chapter of the Society of American Foresters had a meeting last Friday night Their speaker John Zionuska, professor of forestry economy at the University of California spoke on "The Future of the Lumber Industry." Nevada county forestry men who attended this meeting were, Don Knowlton, Jim Hayes, Bill Finster, Larry Monian, Bill Bishop and Willard Weselsky.

FRANTZ STATES SCHOOL COSTS BELOW AVERAGE

Education costs per student at Nevada City high school are below average of other high schools of comparative size in the state, despite repeated criticism that the cost of education here is excessive and out of line, Principal E. A. Frantz told trustees of Nevada City unified school district Monday night.

The official said the cost per student per year at the local high school is $369.50 compared to a state average of $383.65 and a state median of $370.24.

Figures quoted at the meeting at the high school were taken from a report by the state department of education and represents comparative costs of high schools with enrollments between 200 and 299 students, Frantz said.

Nevada City high school has an enrollment of 233.

Included in official business was authorization of construction of three bus stop shelters to be located on the Downieville highway, at Willow Valley and at the end of the Willow Valley road. The shelters will be constructed by students in the industrial arts class.

Preliminary steps were taken to enter into an inter-district agreement with Grass Valley high schol district which would authorize the attendance here of Jerry Coleman, first string quarterback on Coach Thomas Nelsons varsity squad.

Frantz caid Coleman's parents moved to Grass Valley the first week of school but that the youth wished to continue school here.

The board also authorized removal of shrubbery on the high school grounds at the corner of Zion and Sacramento streets.

Police Chief J. J. Jackson told the city council at a meeting last week that the shrubbery blocked the view at the corner and suggested it be trimmed.

Frantz recommended the high school tennis courts also be removed and the area turned into a lawn.

He said the courts were badly broken and in a poor location and that cost of repairing them would be prohibitive. The recommendation was tabled.

The official also reported that students assigned to a proposed project of erecting a quonset hut at Pioneer Park to be used for rest rooms and showers would be covered by the school's liability insurance.

Erection of the quonset hut by the students is part of a proposed reciprocal program in which the city has agreed to surface the playground at the elementary school.

In another action the board authorized resurfacing of the driveway to the rear of the high school buildings.

TAX COLLECTORS AND AUDITORS CONFER HERE

Representatives from seven northern California counties met in the Board of Supervisors room at the Nevada county courthouse Wednesday morning for a tax collectors and auditors district conference.

Milton Possons, chief of the division of budgets and reports of the state controllers office, spoke at the session, followed by luncheon at the Deer Creek Inn.

Stuart Alves, state controller's office, also addressed the group.

The conference concluded with a dinner at the Gold Nugget Inn.

WATER PERMITS

Water diversion permits issued in Nevada county by the state division of water resources include: Marin Council, Boy Scouts of America, San Rafael, 42.5 acre feet from Chubb lake; Robert J. Scott, Reno, Nev., 400 gallons per day from unnamed spring, section 12, T17N, R15E; Donner Summit Public Utility District, Soda Springs, 560 acre feet from unnamed spring, section 8, T17N, R14E, estimated cost of diversion, $70,000.

NIXON WILL BE IN COUNTY ON WED. OCTOBER 25

Republican candidate for U. S. Senator, Richard Nixon, wrote C. R. Clinch, Nixon - for - Senator campaign head of Nevada county that he would include Nevada City on his next election campaign swing and be here on Wednesday, Oct. 25.

"Never too busy to visit friends" commented the southern California congressman who made history in 'breaking' the Alger Hiss Communism expose.

Senator-candidate Nixon made a deep mark in May of this year when he visited Grass Valley and gave clear and concise answers on campaign issues.

That Nixon was pleasantly struck with Nevada county and its people was reflected in the written comment lauding the 'grand hospitality and sincere frankness' when he visited previously. Further indication of impression is in the fact that Senator-candidate Nixon sketched his own itinerary to include Grass Valley and Nevada City on Oct. 25—a day which will see him meeting groups and speaking at Auburn, Placerville, Angels Camp, Plymouth and Jackson.

The southern California man whom prognosticators point out as senatorial favorite at the Nov. 7 general election is basing a campaign on solid American principals and vehemently denouncing Communism.

Chairman Clinch and Nixon supporters are arranging a reception for the visiting candidate which will be fully announced shortly.

At the well attended luncheon held Wednesday noon at the Empire Hotel, Assemblyman Laughlin E. Waters, vice chairman of the Republican State Central committee on matters centering about the November 7 election campaign. In the absence of secretary Elton Williams, confined to his home by illness, the meeting was handled by Paul Ullrich, former committee chairman.

Waters, covering California from Los Angeles north, sketched activities of counties visited, all indicative of successful campaigning for the three candidates endorsed by the Nevada County Republican Central Committee—Earl Warren for Governor, Richard Nixon for U. S. Senator, and Ed Shattuck for Attorney General.

Through suggestion and example the visiting Assemblyman augmented plans of the G. O. P. locally which is intensifying effort in urging the turn-out of a record vote on Nov. 7.

MISS ADA RICH NATIVE OF CITY SUCCUMBS

Funeral services for Miss Ada Rich, native of Nevada City and former city water collector, who died at the Nevada City Sanitarium Monday night, were conducted yesterday at the Bergemann Funeral Chapel.

Miss Rich was the daughter of Mr. and Mrs. Jacob Rich, pioneer Nevada City residents, and until she became a patient at the Nevada City Sanitarium about five years ago maintained a home on South Pine street.

She is the sister-in-law of Nick J. Rahr and an aunt of Mrs. Adele E. Bliss, both of Watsonville.

Rev. Max Christensen of Trinity Episcopal Church was in charge of the services.

Cremation took place at Sierra View Cemetery, Marysville.

BUILDERS & CONSUMERS SIGN WITH LABOR UNION

Builders and Consumers Lumber company, Glenbrook, which has been subjected to a picket line for several weeks, signed a contract this week with the Sawyers and Teamsters Labor Union, according to an announcement by Roy Brown, union representative of this area.

Brown said the strike was primarily for recognizance of the union and that the lumber firm accepted the contract offered by the labor organization.

FINED $50

Robert Scott, Nevada City, logging truck driver, was fined $50 by Judge Miles D. Coughlin in city court. Saturday on charge of disturbing the peace.

THE IMPORTANCE OF LUMBER

The lumber industry is playing an increasingly important part in the lives and economy of the people of the mountain counties. In Sierra county, where the Cal-Ida Lumber company mill is located, lumber has replaced livestock as the principal source of income. In Nevada county and Placer county, the industry is increasing its activity, and the mountain areas are yielding many millions of board feet of pine, fir and cedar annually.

The millions of feet of lumber are manifested in the installations of the Grizzly Creek Lumber Co. at Columbia Hill, the Yuba River Lumber Co. and Builders and Consumers Lumber Co. in Glenbrook, Nutting Lumber Co. at Camptonville, Tahoe mill at Washington, the Matson Lumber yard at Hills Flat, and the Cal-Ida Lumber Co. mill and retail yard on the Grass Valley-Auburn highway.

The huge payrolls that come from these companies find their way into Nevada City stores, and the taxes paid each year by these businesses into the coffers of the county defray a large part of the expense of government.

Under the sustained yield unit plan of the U. S. Forest Service the hills of Nevada county, and the rest of the mountain counties, will yield a yearly harvest of timber which may be compared to a well attended orchard. These operations are not going to denude our beautiful playground areas and leave them to grow to brush or leave a gap in our economy when they are completed.

Under this plan, timber is a crop that will be harvested as it matures, under the watchful eye of such men as Guerdon Ellis, Tahoe national forest supervisor. And under this plan the economy of these mountain areas will not suffer a setback by the cessation of lumber activities at any period in the future.

We of Nevada county should afford every opportunity to this industry to continue to make its contribution to our welfare.

Gossip is like muddy water. Let it stand and it will settle in a hurry.

Politicians wouldn't have so many fences to mend if they would quit straddling.

Time to Quit Griping

STOP THE NAME CALLING

It's a good thing the California voter is smarter than the political strategists allow.

From reading most campaign literature, the voter can be led to believe that this is an election in which the Communists are running a slate of nominees against a string of Fascists.

In the senatorial picture we have a classic example: Helen Gahagan Douglas, an out and out New Dealer-Fair Dealer, a dyed-in-the-wool Rooseveltian liberal, is running against Richard Nixon, a true example of the American Republican conservative.

For governor we have Jimmy Roosevelt, not a bit less or more New Dealish than his late father, campaigning against Earl Warren, a progressive Republican.

And for attorney general Democrat Pat Brown has been labeled a "communist sympathizer" by the weak thinkers of the opposition camp, which is supporting a good conservative Republican, Edward Shattuck.

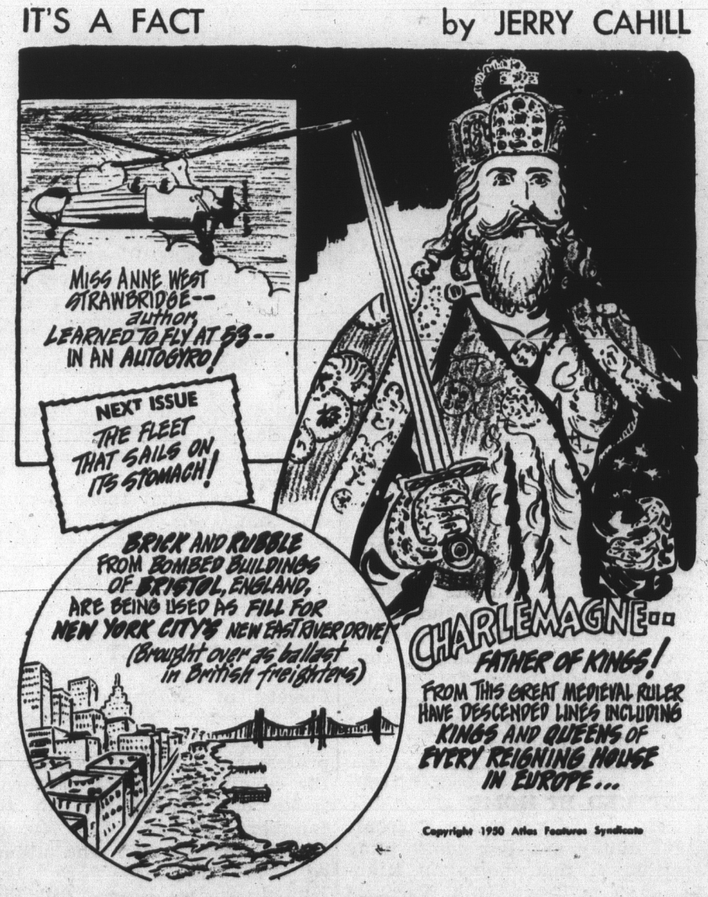

No matter which of these six we elect to office, we will not be herded into concentration camps nor shipped to the salt mines in chains as a result. They simply differ in political tastes as American liberals and conservatives have differed for generations.

Such flap-jawed use of invectives as "pinko" or "fellow traveler of Reds" destroys the faith of sensible voters in party leadership. It just seems silly that, with all the war chest donations the major parties can command, and with all the brains they can hire for press agentry, we have to be fed a line of boloney that good Americans are working for the Kremlin while running for office. It is just plain stupid.

Our two party system has existed for a long while because there are real, basic differences in philosophy between conservatives and liberals. If the Republican party can no longer stand on its own merits and elect its candidates, then the Republican party is sick unto death. And if the Democratic party can find nothing but counter-charges in its platform, it is missing its chance to solidify gains so far made.

Both can improve their present campaigning techniques by getting at the real issues and trying to convince the intelligent voters accordingly. We have enough faith in the basic good sense of American voters to know they can pick good officials on the basis of their true qualifications—positive and negative—of those who seek to serve in public office. They are not fooled, for which we can all given thanks, by a flood of propaganda based on meaningless name calling.

IT'S A FACT by JERRY CAHILL

Sargent's History

HISTORY OF NEVADA CITY

Nevada City is the largest and most prosperous town in Nevada county, and is not excelled by any other mining town in the state. From its location it has command of the trade of a very large portion of the upper country, and will be a formidable rival to Sacramento if a railroad is ever constructed from Sacramento, or the accumulation of sand in the river, now navigable at Marysville, prevents vessels from reaching that point.

The earliest settlers in this place were Capt. John Pennington, Thomas Cross and Wm. McCraig, who prospected in Gold Run in September, 1849, and built a cabin there. In October of the same year, Dr. A. B. Caldwell built a log store on Nevada street, back of Main street ravine, and from this circumstance the place was known, till long after as "Caldwell's Upper Store." Dr. Caldwell had previously built a store at Beckville, four miles down the creek. In October a man, named Stamps, brought his wife and several children here, and built a cabin on the forks of the ravine back of Coyote street. His wife was the first lady that graced this rough part of creation with her presence. Now, thank Providence, Nevada, with the progress of improvements in other respects, is blessed with the society of a large number of the "dear, bewitching creatures."

The first building on Broad street dates back to the last of September, 1849, and was built by John Truesdale, just back of the lot where the Hotel de Paris now stands. In the spring of 1850, Truex and Blackman built a log store on the spot where the Empire now stands, at the foot of Main street.

The first hotel opened in Nevada City was by Womack and Kenzie, early in the spring of 1850, on the spot now occupied by Espenscheid's brick building. In April, 1850, the "Nevada Hotel," on the site of the present Oriental, was built by J. N. Turner, of rafted pine boards; and what is singular as illustrating the immense size to which the heretofore unmolested tenants of the forests hereabouts had attained, the whole house—thirty-eight feet front and forty-eight in depth, all the rafters, beams, floors, etc.—were taken out of one tree. The house opened on the first day of May with forty boarders. The moderate price of board and lodging in these days was $25 per week. The winter of 1849-50 was of a very severe nature, and the transportation of goods from below was very difficult. In March, 1850, the snow was ten feet deep on the banks of Deer Creek—three times the depth it has ever since attained. Goods of all kinds sold at exorbitant rates. We instance a few of the staples of those days: fresh beef and pork sold at 80 cents per pound; molasses, $7.50 a gallon; flour at 44 cents; potatoes, 75 cents; onions, $1.50; calf boots, $20; stout boots from $30 to $40; long-handled shovels, $16. The only kinds of medicines in the pharmacopaeia of the physicians of those days were calomel, laudanum and opium, which were administered for all diseases and wounds, with little respect to symptoms.

The first great mail arrived at Sacramento in December, 1849, and an express was immediately started by some brothers named Bowers, who charged the moderate rate of $2.50 for conveying letters and $1 for papers. This was the first express started from Nevada, and remained in operation till superseded by the larger expresses from below. The news of the great mail having arrived below spread through the mines and created a great excitement. It was the first visible token of a real union between the Atlantic States and the wilds of the Pacific, and thousands were gladdened by intelligence of home and friends, separated by thousands of miles of desert and ocean.

An important element of the present business of this county is supplied by the saw mills that are erected wherever growing settlements create a demand for lumber. The importance of this business may be judged of from the fact that there are now eleven saw mills in prosperous operation within a circuit of two miles around the city. The first saw mill commenced in Nevada was on Deer Creek, just above the town, in August, 1850, and was built by Lewis & So, with a water wheel. Shortly after, one Moore erected a steam saw mill on Little Deer Creek, now known as Hirst's Mill, and in this mill the first lumber in the place was sawed. In Holt's mill, four miles below Grass Valley afterwards burnt by the Indians, lumber was sawed as early as the 3rd of May, 1850, and the first in the county.

The name of "Nevada" was given to this settlement in March, 1850, on the occasion of an election of alcalde. A murder committed in the neighborhood, and several other depredations, excited public attention, and the residents concluded that, to prevent such occurrences, it was necessary some authority should be lodged in the hands of an officer. Early in March, therefore, an impromptu election was held, at which about 250 votes were cast. Captain Woods, Col. Lamb and O. P. Blackman were judges of the election, and Mr. Stamps was declared duly elected. He held the office for two months, until the election of Olney as Justice of the Peace, at an election in May, appointed by the authorities of the county, and used to dispense justice in civil and criminal matters with more regard to equity than jurisdicton or precedent. At noon the judges of election and others adjourned to dinner at Womack & Kenzie's cloth hotel at the present corner of Commercial and Main streets, and champange being freely circulated, it was proposed the names by which these diggings had heretofore been known, viz: "Caldwell's Upper Store," and "Deer Creek Dry Diggings," be dropped, and a new and more euphonious name adopted. It was finally agreed that each person present should write on a slip of paper the name he would suggest, and the collected names be referred to a committee of the whole for a selection of the best. A great many names were written, and among others "Nevada" by O. P. Blackman, which was immediately, on being read, adopted by the meeting nem. con. Thus Nevada was named.

Ought To "Polish Up" Her Traffic Manners!

Spent most of yesterday over at the Court House. "Tiny" Fields, the biggest and fastest-talking of our three policemen, was holding forth about his traffic troubles.

"Women drive just as good as men do," Tiny said, "and just as bad. For instance—a girl in a convertible today. She started a three-block tie-up all by herself.

"She's creeping down Main Street—left hand stuck out and sort of waving around. Never turns right or left, never stops. But, of course, everyone behind her thinks she's signaling about *something*. Nobody dares to pass. When I stop her and ask what's up, she smiles sweetly and explains that she's *drying her nail polish!*"

From where I sit, that girl's typical of certain folks who are so wrapped up in themselves, they never notice they're not being fair to others. Our neighbor has a *right* to drive in safety—just as he has a right to enjoy a glass of beer. Let's all respect the other fellow's rights.

Who Runs America?
the Congress? the President?
OR YOU AND THE MAN NEXT DOOR?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organizations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

- General Federation of Women's Clubs
- American Farm Bureau Federation
- National Grange
- Veterans of Foreign Wars
- National Conference of Catholic Charities
- American Protestant Hospital Association
- American Legion
- National Association of Small Business Men
- United States Chamber of Commerce
- National Association of Retail Grocers
- National Retail Dry Goods Association
- American Bar Association

• Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. • Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. • And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the prideful security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY!

• Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. • Today in America—70 million people are protected by Voluntary Health Insurance! • Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. • For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

You and Your Neighbor Run America!

Mr. and Mrs. Tredennick Fete Golden Anniversary With Dinner, Reception

In the front yard of the Clay street home of Mr. and Mrs. Fred Tredennick is a chestnut tree that measures 40 inches in diameter. Fifty years ago when that tree was only a four-inch sapling, the couple moved into the house to start a newly married life. In quietness and serenity the Tredennicks have lived fifty years of marriage life there.

The Tredennicks observed their golden wedding anniversary Sunday, last week, with a family dinner, at which three daughters, Mrs. Grace O'Connor, Lewiston, Idaho; Mrs. Alice McCrea, Sacramento, and Mrs. Zoe Kagerer, Nevada City, were present. Also at the dinner was a granddaughter, Miss Zoe McCrea, Sacramento, and Fred's brother, Joseph Tredennick, who was best man at the wedding ceremony fifty years ago.

Mrs. O'Connor decorated her parents' home with chrysanthemums and red roses. Centerpiece of the festive table was a bouquet of Gold Standard golden mums. The flowers came from the Tredennick gardens which have been a hobby of Fred's for many years.

Open house was held at the Tredennick home on Tuesday, the anniversary date of the wedding, and scores of their friends called and presented felicitations. The ceremonw occurred the evening of Oct. 3, 1900, in the parsonage of the Congregational church, with Rev. Josiah Sims, pastor of the church, reading the marriage lines. Mrs. Tredennick's sister, then Miss Kate Pierce, was her attendant. The four principals of the wedding ceremony, the wedded pair, the best man and the maid of honor, are all living. The bridesmaid, now Mrs. Kate Gibson, lives in San Francisco, but was unable to attend the anniversary dinner and reception last week.

Also unable to attend the celebration was the honored pair's son, Carroll Tredennick, of Napa Valley.

Fred's father, John Tredennick, came to Nevada City from Cornwall, England, in 1869, when he was 19, and settled in Gold Flat. Fred attended Gold Flat elementary school, but as was often the case in the 19th century he went to work in the mines at an early age. He was employed in the Champion, Providence, Mayflower, and others. Fred later became a carpenter and has constructed several of the houses in Nevada City and vicinity.

Mrs. Tradennick is also native born of a Nevada county pioneer family. Her father, John Pierce, came to California in 1853, via a ship around the Horn, and settled in Camptonville. The family lived in several Nevada county towns and Mrs. Tredennick was born Addale Pierce in Columbia Hill. She attended rural schools of Nevada county and became a seamstress.

In addition to the chestnut tree that graces the entrance to their home, the spacious lot has many horticultural displays. At one edge of the lot grows a yew tree, the plant that furnished the powerful bows that armed the yeomen of England from the days of Alfred the Great.

In the far corner of their lot grows a sequoia gigantea, planted by Fred in 1912. The tree towers magnificently 120 feet into the sky.

ELHCONIP CLUB MEETS

Mrs. J. R. Hilpert of Cooper Road will entertain her Elhconip Club next Monday night when many of the Blce Tent members plan to gather at her home to have an evening of cards. Mrs. W. H. THE DOCTOR—by Sir Luke Fildes — IN THE NATIONAL GALLERY, LONDON

Keep Politics Out of This Picture

- When the life—or health—of a loved one is at stake, hope lies in the devoted service of your Doctor.
- *Would you change this picture?*
- **Compulsory health insurance is political medicine.**
- It would bring a third party—a politician—*between you and your doctor.* It would bind up your family's health in red tape.
- Political medicine would result in heavy payroll taxes—and *inferior medical care for you and your family.*
- **Don't let that happen here! You have a right to prepaid medical care—of your own choice.**
- Ask your Doctor, or your insurance man, about budget-basis health protection.
- **Under voluntary health insurance, your health is your own business. Keep it that way!**

Ridge Road Garden Club Meets at Home Of Mrs. Carroll Rogers

The Ridge Road Garden Club met Tuesday at the home of President Anna Rogers. Mrs. Ruth Renner and Mrs. Rosanne Mitchell were the co-hostesses.

The members were glad to see Mrs. Wm. Perry attend the meeting as she had been unable to do so for many months, due to ill-health. Mrs. William Grayce, a new member was also present.

Mrs. William Price, whose home is nearly completed on the Ridge Road was unanimously voted into the club and will attend the November meeting that will be held at the home of Mrs. Byron Eastman.

Members of the Colfax Garden Club are invited to attend this meeting on Nov. 14 when Mrs. Margaret E. Webb will drive up from Loomis to speak on "Dish and Button Gardens."

Mrs. John Longmier, member, was the speaker for Tuesday, and her descriptions of the exquisite flower arrangements she observed when she attended the Florist Telegraph Dispatch Convention last month was of much interest to all present. She stressed the fact that ribbons were added to most floral arrangements and that fernwood and ti leaves from Hawaii were extensively used. fernwood was used as totem poles for climbing house plants. Dried arrangements, which have been popular in the East for many years, are now seen in the West more often.

This pleasant afternoon was closed with preparations made for the Christmas party to be held in the Shannonhouse home and the January meeting, when Mrs. John Longmier will instruct the members in making both shadow boxes and ming trees.

Next week will be a busy one for the Ridge Road Garden Club members as they plan to attend the lecture given by Norvelle Gillespie at the Methodist church on Tuesday, which the Nevada City Garden Club is sponsoring and also the Colfax Garden Club Flower Show next Saturday, when several members are planning to enter flower arrangements.

Mrs. Dwight Lang, Sr., was a guest this day, and added some interesting points as to the type of shrubs and flowering trees that would grow well along the Ridge Road which is now under construction but nearly completed.

RIDGE ITEMS

A special meeting o fColumbia Parlor No. 70 was held Oct. 3, honoring Anna Schiebusch, Grand President, Native Daughters of the Golden West, of Los Angeles Parlor No. 124.

Mr. and Mrs. Club Resumes Winter Season Tomorrow

"Kickoff" — football theme—will start the 1950-51 season of the Mr. and Mrs. Dance Club at the Elks building, Grass Valley, tomorrow evening.

In resumption of the dance club for winter activities, Mr. and Mrs. L. D. Crain will serve as chairman for the evening.

Dancing, in the pattern of last year, will commence at 9:30 with music to be provided by Jerry Austin and his orchestra.

Refreshments will be served at midnight at the Elks banquet hall, during which club business and announcements will be made.

Decorations carrying out the football theme will be placed on the refreshments tables and in the banquet room.

Mr. and Mrs. Val Baima Proud of Suburban Home

Mr. and Mrs. Val Baima and their daughters, Bonnie and Katherine are still busy improving their quaint home and lovely gardens on Banner Mountain. They proudly show their friends or visitors around this old fashioned home with its historical setting.

At present the grounds are covered with marigolds, beautiful dahlias and petunias.

They have won many prizes for their flowers and vegetables in the County Fairs held in Roseville, Auburn and Grass Valley.

Their home can be seen and enjoyed by driving up the Banner Mountain Road to Lava Cap Junction, turning to the right and driving one mile toward Grass Valley.

NELSONS VISIT

Mr. and Mrs. DeWitt Nelson of Sacramento drove to Nevada City last Sunday to visit their many friends here and also to buy a box of apples to send their son who is attending college in Pomona. Nelson, who is now State Forester, was formerly supervisor at the Tahoe National Forest.

NO BUCK LUCK

Mrs. Uno Gustavson, of Boulder street, spent the last week end with her husband at the Howie mines which are north of Bloomfield. They had a happy but unsuccessful deer hunting trip.

PRETTY PROTECTION

Weather protection and fashion appeal are combined in this trim new fall coat of cotton corduroy. The cotton corduroy is Zelan treated to ward off the elements with a water-repellent finish. The coat is designed with a five-piece detachable belt and dolman sleeves, and there is a matching beret. The outfit was designed by Lawrence of London, the National Cotton Council reports.

NUGGET FREE TO ALL SERVICE PERSONNEL

The Nugget will be sent free to all personnel of the armed services for the duration of enlistments.

The only information we ask is the address and notification of changes of station.

The policy was initiated at the outbreak of the Korean incident but will become a permanent fixture in Nugget policy in war or peace.

Several servicemen have already taken advantage of the offer and The Nugget invites all service personnel from Nevada and Sierra counties, and the Camptonville section of Yuba county to accept the offer.

HUNTING LUCK LAGGING THROUGHOUT THE STATE

The Division of Fish and Game has issued a two-way reminder to California deer hunters: the final hunting heason ends in the Sierra areas, Modoc - Lassen, north coastal, at one-half hour after sunset, Sunday, and successful nimrods are required to validate and return their deer tags.

In what most sportsmen and game managers termed an average hunting reason, hunters by the first of the month had turned over a total of about 32,000 tags to the division's ferrd building office in San Francisco.

The tag return is lagging slightly behind last year's record high of 52,000 tags because of "generally poor weather and hunting conditions during both of the split seasons. Final tag returns are not announced until the first of each year.

Mr. and Mrs. Charles Elliott, Matron and Patron of the Evangeline Chapter No. 9 Order of Eastern Star, were also present at the meeting.

Grand Worthy Advisor Georgelyn Van Notte gave a spontaneous talk to the members. Her mother had accompanied her on her trip to Nevada City and all were charmed with the visitors from the South.

Mrs. Josie Martin made all the corsages of tuberous begonias which were presented to the dignitaries.

The hall was decorated in white and lavender miscellaneous daises while the tables were decorated with petunias of the same shade, which is the color used by the honored guest, Miss Van Notte.

Mrs. Jane Cassidy, Mother Advisor of Auburn shared honors with Mrs. Mary German, Mother Advisor of Nevada City.

FLOWERS IN TURKEY

Nevada City Garden Club met yesterday afternoon at the hime of Mrs. A. T. Parsons on Banner Road when Miss Edith S. Parsons, sister of Mr. Parsons, was the guest speaker. Her subject was "Flowers and Gardens of Turkey." Mrs. H. F. Sofge and Mrs. Harriet Farmer were co-hostesses.

Veteran of Foreign Wars Auxiliary No. 2655 are planning a card party to be held at Seaman's Lodge, Oct. 24, the proceeds of which are to be added to their Relief Fund. Gifts to be given at the party will be displayed in a local store window.

INFLUENCE OF DREDGES ON MINING DESCRIBED IN BRITISH MAGAZINE

The influence of California placer gold dredging on the mining industry of the world is related in the July issue of Mine and Quarry Engineering, published in London. The article was prepared for the publication by Herbert A. Sawin. Associate, A. I. M. E. and an executive of the Yuba Consolidated Gold Fields, with headquarters in San Francisco.

During the 50 successful years of gold production by dredging methods, according to Sawin California produced more than 500 million dollars worth of gold at today's price of $35 per fine ounce.

Experience gained in California has benefitted the placer dredging industry throughout the world, leading to profitable mining not only of gold but of low grade deposits of other metals and mineral products Sawin, sai l citing tin ore, platinum metals, tungsten ores such as scheelite and natural sapphires.

"California's first successful dredge worked on the Feather river in 1898. It was built by Risdon Iron Works of San Francisco and probably displaced less than 100 tons. Today's large dredges displace as much as 4000 tons and can dig 175 feet below ground level."

A description of the various types of dredges operated in California, and a history of the state are a part of the article. Uses to which the huge piles of rock, by-product of dredging in California, are now being put also are outlined in the article.

"It seems but natural that San Francisco should be one of the centers for the placer dredging industry," wrote Sawin, "both for operating managements, as well as to the design and building of dredges. One of the oldest operating companies, Yuba Consolidated Gold Fields, has its headquarters in San Francisco and its affiliate, Yuba Manufacturing Co., together with its predecessors, has designed and shipped dredges to world-wide markets since early in the century.

"Yuba dredges and machinery built in California are used for platinum mining in Russia and Alaska; for tin in Malaya, Portugal, Bolivia and Netherland-East Indies; and for gold in Alaska, Colombia, Korea, New Guinea, Phillipines and Siberia, a well as other Western United States."

No grizzly bear has been reported in California since Oct. 18, 1924 (Tulare county).

Looking for POWER ?

Better Buy Buick!

THAT bold bonnet that stretches out before your eyes on a 1950 Buick isn't there just for show.

Lift it up, and you'll find that the space beneath is abundantly occupied, by one of the biggest hoodfuls of power you'll find in any motorcar.

What you're looking at is Buick's modern version of the high-compression valve-in-head engine, which gains extra wallop from the fact that it uses the exclusive Fireball combustion principle.

We could list a lot of mechanical reasons why fuel gives up extra power in a Fireball engine—how it's wrapped in a swirling, ball-shaped charge—how it burns with a smooth, clean thrust that delivers maximum action.

But the best way to find out what all this means is to touch off the eager horsepower out on the highway by a gentle nudge of your toe—and feel your shoulders press deep in the cushions behind them.

Now all this sounds thrilling, you say, but how about the feedbills for all these horses? How about miles-per-gallon?

The practical answer to that one is found in this year's experience with the SUPER and SPECIAL—and even the ROADMASTER.

In all three, the horsepower was stepped up at the start of the year—and in all three, *happy owners report the best mileage in modern Buick experience.*

This is due to a little-known but authentic engineering fact—which is that *an engine burns less gas when it doesn't have to labor.* At any normal driving speed, therefore, extra power is extra thrifty.

So we say again—if you're looking for power—mighty power—buoyant power—silken power— thrifty power—better buy Buick..

Your Buick dealer is eager for the chance to demonstrate how sound this hint really is.

Only BUICK has Dynaflow Drive*
and with it goes HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • **NEW-PATTERN STYLING,** with **MULTI-GUARD** fore-front, taper-through fenders • **TRAFFIC-HANDY SIZE,** less over-all length for easier parking and garaging, short turning radius • **EXTRA-WIDE SEATS** cradled between the axles • **SOFT BUICK RIDE,** from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube
*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

FIRE LOOKOUTS ARE RETURNED TO DUTY

Fire lookouts were posted on Banner mountain and at Martis Peak Monday morning because of the hot weather and increasing fire danger, Kieth Macdonald Tahoe National Forest fire control officer, announced.

Lookouts were taken off the forest observation points Thursday following last week's storm but the Banner and Martis lookout stations were reactivated when a predicted storm for the week-end failed to materialize.

MacDonald warned that the fire season is not over yet.

Forest service officials joined in a plea to persons using the forest urging them to be careful with fire.

MOELLER SHOWS NO MERCY TO NC YELLOWJACKETS

Coach Ray Moeller left his varsity in the game to the bitter end and the Roseville Tigers poured it on the hapless Nevada City high school Yellowjackets Friday night to the tune of 50-6 in the opening conference game of the Sierra Foothill league.

Coach Tom Nelson's boys took the opening kickoff and marched to the mid-stripe with two first downs but had to punt to the Tiger 15-yard line. Roseville fumbled and Nevada City recovered for its best scoring opportunity of the game.

Four passes were incomplete, and the Tiger took over to roll 85 yards for the first score of the game. Joe Navarro, speedy scatback, rambled 17 yards for the final stretch. Francis Campbell kicked the extra point.

The little Tiger scooter rambled for long gainers in the second quarter to set up the second TD. Johnny Hernandez ran past the left end for three yards for the score.

An Ernie Boston pass to Jim Green that was good for 40 yards was nullified by Tiger holding.

Rudy Guerrero flipped a pass to Green that was good for 41 yards to the Yellowjacket 26. Navarro brought it to the 12 and Boston completed fooled the Yellowjacket defense on a bootleg play to bring the score to 19-0.

Bill Beverage blocked the kick for extra point.

Nevada City showed a slight sign of life toward the end of the half moving via the air to the Tiger 40, where Hernadez intercepted to end the flurry.

Roseville put the ball in play on the 11-yard line to open the second half. Guerrero went off right tackle for 89 yards on the first scrimmage play. A clipping penalty on the NC 36 put the ball in play on the Tiger 49. Guerrero came right back on the next play for 51 yards and the fourth TD.

The Yellowjackets showed a passing attack that carried them to the Roseville 22 yard line. At that point Guerrero intercepted a Morrison pass and ran 75 yards for the fifth score. Campbell booted the extra point.

Campbell scored the first TD of the final period through right guard on a 45-yard ramble.

Nevada City's only touchdown came early in the fourth quarter when Quarterback Jerry Brady passed to Dean Morrison for a 40 yard gain and a score.

Boston scored Roseville's seventh TD by returning a punt 80 yards.

The final score came in the closing seconds with Campbell racing 25 yards around right end.

BONNER'S BEES AFTER FOURTH WIN TONIGHT

Bob Bonner is worried about over-confidence as his undefeated Nevada City high school Bees go after a fourth successive victory against the Yuba City B team in the first game tonight at 6:15 on Hennessy field, Grass Valley.

Bonner's boys whipped Roseville 7-6 last Friday in a game that gave the young coach several gray hairs before it was over.

The Bees showed two to three scores superiority over the Tiger Cubs on offense, but several defensive errors almost gave the game away.

Both teams scored in the first quarter and on similar breaks. Blocked kicks on the 25 yard line gave each team the scoring opportunity it capitalized upon. The visitors scored first but failed to convert.

When Nevada City's break came Bruce Walker crashed over for the six points from the one and Ernie Pello converted the winning point on a plunge through the center of the line.
